Springer, Pullish and Company Romp Away with an Impressive Victory for Provincial Honors—Score Is 50 to 31—Ackland Is Pick of Visiting Quintet

Playing sparkling basketball, Central intermediate men's basketball team, won the Alberta intermediate provincial basketball title, defeating the Calgary "Y" team on Saturday night by the score of 50 to 31 at the "Y" gym.

In the first ten minutes of the game the Calgary boys looked as though they might hold their own, but after Joe Springer and "Wild Bill" Pullish started to do their stuff, the Calgarys fell in the rear at a great rate.

Springer ran wild, scoring no less than twenty-one points. Pullish was the next highest scorer, with the "Bull" getting 13 points. Deane, Griffin, Robinson and Speeder Dickinson all turned in fine exhibitions of basketball, and contributed many points to their team's credit.

At the flashy forward on the Calgary team was one of the finest players on the floor. He scored baskets from all angles and finished the night's work with the grand total of 18 points. Johnnie Weissen, formerly of Edmonton, also turned in a good night's play. Johnny is a small person but he made the boys stop to keep him from scoring more points than he did.

## Wheat Market Featureless Though Prices Gradually Return to Normal Basis

WINNIPEG, March 23.—The wheat market continued very dull and featureless yesterday. There was a little easier tendency in evidence during the first part of the session, but the undercurrent was strong and prices gradually worked back to the dollar mark for May.

A little unwinding of spreads was the only noticeable business going on, selling Winnipeg May against purchases of Chicago May at five cents difference. Seaboard advice reported a decidedly poor demand from European buyers and that no overnight acceptances had been made. Closing prices were 1/2c better for May, 1/4c for July and 1/2c for October.

The future coarse grain market continued dull and prices were steady and about unchanged. There is a fair trade passing in wheat with Eastern domestic trade showing some interest. Barley and rye are showing steady tone, but the demand from consuming channels is very light. Business in cash wheat continues almost at a standstill with spreads reported as unchanged.

All grades of cash barley were in demand today, with a fair trade passing in the lower grades of oats and rye, while Canadian crushers were taking all flour offering at unchanged prices.
